

# **BILDESTON HEALTH CENTRE**

## **TERMS OF REFERENCE**

- The aim of the PPG is to be representative of all sections of the Practice population.
- To facilitate and enable dialogue between the patients and the Practice team to promote patient involvement in the Practice.
- To act as a “critical friend” by contributing to practice decision making to ensure that all aspects of patients’ needs are considered.
- Support the Practice to achieve it’s health promotion goals i.e. healthy lifestyle choices, self-care, preventative medicine and the understanding of long-term health conditions.
- To understand the role of support groups associated with the Practice and promote their services where necessary within the patient population.
- Agree an action plan with the Practice team to remedy any identified areas of concern that relate to patients’ needs.
